This year, 3 of the 5 San Diego County Board of Supervisor seats are up for election, 2 due to term limits. In addition, residents in the City of San Diego will also elect five new City Council members and a new mayor. These changes will be groundbreaking for the San Diego region. Demographics have changed, progressive groups are more organized and influential, and we know voter turnout matters.

The results of the 2020 elections could determine how the region operates for decades, help us make we get record breaking turnout in San Diego County.
